Message - **Oliver Rin**

March 2020

Good Evening GK News,

Thanks you again for another update on where we are at as a company, I appreciate how difficult it must be to process information when the message from the government isn't as clear as we need it to be.

I must say the communication lines between exec level, Ops Comms & pub level has been fantastic since Nick's appointment- it feels more like we are a family again & working together as one unit, it means a lot to our pub teams.

Keep up the good work, I can assure you at pub level on Area 87 we carry on regardless until informed otherwise by the company, serving our local communities whilst protecting the business & looking after your incredible teams. Some of the spare time we seem to have available is spent getting our gardens & external areas where we need them to be ready for Mothers Day, leading into Spring & Summer.

Thanks again, wishing good health to you all & your families!

Keep going guys! The government have the power to close pubs, and so far has not! So let's do what we can to continue to 'Pour Happiness into People's Lives' until we know otherwise! Especially at a time like this, as this will now create a lasting impression!!

Greene King is absolutely the number one Company communicating so well and giving us the support we need at every level of the business we have addressed all issues so professionally and speedily .. I send a massive thank you to Nick .. keep safe ... and all others involved in leading us through this very life changing time we are all going through it is very much appreciated and comforting to know we are cared about so much xxx

Wow... what a turbulent stressful few days....

What has been a difficult and uncertain few days I've been struggling to make sense of what's going to happen.

However after today's announcement knowing my team are all good for the next few weeks I've been able to relax for a change.

So a massive thanks to the senior management for all they have been doing the last few weeks, from getting in early and providing hand sanitizer for our teams and guests. To today taking the massive weight of our shoulders.

Communications have been crystal clear all the way through from the top. And that's the main thing we need!

Cheers x

Plank & Leggit (Sawley), 10 June 2020 at 17:09

Wanted to say a massive thank you to Greene King. I have worked with you now at the plank and leggit in Sawley for almost a year. Throughout the past few months I have never been made to feel as welcomed, informed and supported by any previous employer as much as you as a company have. I am feeling so blessed and honoured right now to work for such a kind, caring and thoughtful company. The recent grant acceptance has eased life for myself and my 17 year old more than you know. There are not enough words to thank you for the continued support and communication. Bless you all and please continue to stay safe
